MS. ED'S NOTES:

Mad Hatter submissions must now be typed in a column on half a sheet of white paper - such as this is - for them to be accepted.

For use as guidelines initially, a few of these center-ruled forms will be circulated to staff and faculty, but all that is necessary is that submissions be typed between the middle and one side of a regular sheet of 8½ x 11 white paper and sent to me in Surrey.

Hopefully, the entire newsletter can then appear in this uniform style, including notices, announcements, and letters.

KOERNER FOUNDATION GRANTS IN SUPPORT OF HIGHER EDUCATION 1976-77

"Within the College, the interest of the Foundation is to assist academic development, rather than to support the special projects of individuals. Proposals should therefore normally be presented by Department Heads and may be concerned with new or extended educational facilities, experimental programs, seminars or conferences, exchanges of personnel, or other means by which useful development may be encouraged. Applications should not be made for the support of normal activities, nor for required expansions of facilities and services. The general range of grants is from \$500 to a maximum of \$2,500."

Divisional Directors have the details. Please contact him/her if interested.

George Wootton

Typing - Full and Part-time faculty

Full and part time faculty members requiring typing will forward their requirement to their divisional stenographer, providing they and the steno have their offices on the same campus. Otherwise their requirement will be forwarded to the Campus Supervisor on the campus on which they are located together with a typing requisition. Typing requisitions are available from all divisional stenos and Campus Supervisors.

A typing request received at a campus from a faculty member whose office is on another campus will be returned untyped to the campus on which it originated.

R.J. Reynolds

PRESS RELEASE:

The Junior Symphony Society of Vancouver will hold auditions during the third week in January for new members for both the Senior and Junior Divisions of the Vancouver Youth Orchestra and for a new intermediate orchestra being formed. Two prepared pieces are required (piano accompaniment optional) in addition to sight-reading excerpts which will be chosen by the conductor. For an appointment, please phone 876-1221 after January 5.

THE HORSE AND PHOTOGRAPHY

Instructor - RICK MAYNARD

Ms. Editor:

There is a petition being circulated on campus which I hope people will read very carefully before they sign.

The last time I signed a petition was in the fall of 1953 . it was being circulated by a character called Percy the Pusser Paywriter, Percy was always advocating the overthrow of something or other, his petition as I recall it had something to do with the quality of government issue condoms. I mention this because only six people signed this petition and as a result all six of us spent fourteen days pounding around the perimeter of the parade-square pondering on our transgressions and cursing Pusser Percy, who of course had no intention of signing his own petition.

Take a close look at the five paragraph. preamble to the petition in question, I maintain there is insufficient information available in those paragraphs for anyone to make an informed decision. The copy I have has been corrected indicating to me that the terms UHF and VHF are a little hazy in the petitioner's mind. As it reads at present there is a logical inconsistency between para 1 and 4. The emotional appeal of para 3 has no place with the implied expertise in 1 and 3.

Let's face facts how many people really know what the rationale for current proposals are let alone the current programming proposals? How many (signees)? know the difference and positive and negative features of VHF versus UHF frequencies?

As a long-time supporter of CBC Radio and TV I say find out more information before you sign this petition. Who knows maybe Gary Bannerman's middle name might be Percy.

Cheers!

John B.
John Beardsley

Personnel Local 230

GARDENERS:

If anyone at the college is interested I am ordering begonia and dahlia tubers. I have found the dahlias from Holland to be of exceptional quality and the small begonia tubers from California are the best buy I have found.

Begonias: small upright mix, rose form, giant double ruffled, or double picotee are 30 cents each; small hanging are 45 cents each.

Dahlias: Giants labelled are \$1.50 each; mediums labelled are \$1.25 each.

I can order tubers for you when I order mine - but to cover the costs please enclose a cheque for the correct amount as I must enclose a money order with my request. I'll wait until Feb. 3 to place my order, and when I receive them I will forward them through the campus mail.

Begonia tubers usually arrive in late March and the dahlia tubers in late April.

- Marjie Ross

NEXT GENERAL MEETING OF LOCAL 02

TUESDAY -- JANUARY 27 1976
